

ALLIANT 2

Contract

Prime Contractor ManTech Delivers Best in Class Alliant 2 Services

What is Alliant 2

Alliant 2 is a Government-wide Acquisition Contract (GWAC). GWACs are multi-agency, IT-focused indefinite delivery/indefinite quantity (IDIQ) contract vehicles that offer procurement flexibility and efficiency. Alliant 2 is the follow on to the wildly successful Alliant contract with total estimated sales of \$46B to 75 agencies. Alliant 2 offers the following benefits and advantages:

- Use by all federal agencies for anything IT, anywhere
- IT solutions to include integral and necessary ancillary support and necessary products to achieve complex total IT solution
- Flexible task order teaming and subcontracting
- 10-year period of performance (PoP) through June 30, 2028. Awards can be made up to June 30, 2028 with PoP to continue 5 years from that date
- Allows for emerging technologies to be performed
- Low contract access fee with a cap on high dollar orders
- Pre-competed, easy-to-use with streamlined ordering procedures based on FAR 16.505
- Task orders valued at less than \$10 million cannot be protested except on the grounds that the order increases the scope, period, or maximum value
- Agencies receive credit towards socioeconomic goals
- Warranted contracting officer can run their own procurement after taking a short Delegation of Procurement Authority (DPA) for free via webinar, conference call or Defense Acquisition University (DAU)
- Scope aligned with Federal Enterprise Architecture Framework (FEAF) and Department of Defense Information Enterprise Architecture (DOD IEA)
- Includes standard IT service labor categories, but non-standard IT service LCATs and ancillary service labor categories are permissible at OCO discretion

Alliant 2

ManTech – A Premier GSA IT Service Contractor

ManTech uses advanced technology to help government and industry meet some of their greatest challenges and succeed in their most important endeavors.

ManTech brings more than 50 years of experience supporting more than 50 government agencies with complex business needs. We skillfully apply the expertise we have earned in the unforgiving national security arena to government and commercial challenges.

We are experts in technology, and we apply our knowledge of different technologies to manage and protect information, support and maintain critical systems, and develop integrated systems to handle complex needs.

We are proud to include among the agencies we serve:

- Intelligence Community
- Department of Defense
- All branches of the Armed Forces
- Department of State

- Department of Homeland Security
- Department of Energy
- Department of Justice, including the FBI
- Space Community
- Department of Health and Human Services
- Veterans Administration
- Other U.S. federal government customers

A Total IT Solutions Provider

ManTech’s capabilities span the complete range of IT solutions and technical services, including:

Infrastructure

- Systems integration
- Enterprise-level architecture
- Network/communications
- Systems and infrastructure design, development, integration, and installation
- Software development
- Infrastructure relocations
- Test and evaluation

Application Services

- IT lifecycle management
- Application development
- Enterprise messaging/groupware
- Web technologies
- Managed services
- Knowledge management
- Modeling and simulation

IT Management

- Enterprise system management
- Business process engineering
- Business transformation
- Information assurance policy/planning
- Security engineering
- Cyber and security operations
- Cyber defense solutions
- SIGINT and cyber operations

Today, as a multi-billion-dollar public company, we apply our knowledge to national security, cyber, healthcare, law enforcement, business and citizen services, as well as to agency mission-oriented programs, defense, diplomacy, homeland security, and intelligence.

Best in Class

OMB named Alliant 2 GWAC a Best-in-Class for Information Technology Solutions.

- Allows acquisition experts to take advantage of pre-vetted, government-wide contract solutions;
- Supports a government-wide migration to solutions that are mature and market proven;
- Assists in the optimization of spend, within the government-wide category management framework; and
- Increases the transactional data available for agency level and government-wide analysis of buying behavior.

ManTech President and CEO Kevin Phillips is a recipient of the prestigious Wash100 Award from Executive Mosiac for the 4th consecutive year. His support in assisting the federal government in implementing emerging technology and initiatives has led him to remain one of the top executives in the GovCon industry.

“ManTech and GSA have a decade-long partnership leveraging IT solutions across a diverse government customer base. We look forward to continuing that relationship under the Alliant 2 contract, and I pledge all ManTech’s enterprise-wide resources to its success and in meeting GSA’s objective to make Alliant 2 the ‘flagship’ contract-of-choice for future IT services delivery.”

Kevin M. Phillips

President and CEO, ManTech International Corporation
